From the Desk of the Principal

It gives me immense pleasure to welcome you in Sidharth Govt. Utkrisht College, Nadaun. As we step in to this new academic year, I hope you are filled with excitement and eagerness to work hard and scale new heights. You carry on your shoulders an important responsibility of being the future leaders of this country. You all are valued members of the community and we expect you to understand the importance of giving back. However you should not feel pressured, we are committed to provide an environment where motivation and guidance will drive you to success and unleash your true potential.

This college has an excellent infrastructure which is further developing with experienced and dedicated faculty. The motto, “*Gyan Charitra, and Dakshta*” reflects the college’s commitment to help you to excel in all walks of life. I encourage all of you to take advantage of various available opportunities. You can fulfill your ambitions to engage in national service and social work through active participation in NSS & NCC. The college has career counseling and placement cell to provide you the best employment guidance & opportunities. Our dedicated faculty will help you identify your interests and get involved in all extra-curricular activities. The overall development of mind, body and soul is a sign of a healthy and complete development, and that is what you all should strive for. Hard work, dedication and perseverance are the most important traits in a person that lead to success. The future belongs to you; your need, therefore, is to prepare yourself for an active participation in the world. Our mission is to support you in your academic journey and propel you into a successful life.

I extend my best wishes to all the students and staff.

About the Institution

“The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education”.
-Martin Luther King

Education is the key that opens many avenues. It's the medium that expands the horizons of awakening and awareness. So an educational institution is not just an assortment of classrooms and laboratories but more than that. The inquisitive young minds that enter the portal of any institution come here with a plenty of hope and leave to serve the nation as matured and polished human beings with dream of promising future.

Nestled in the foothills of Shivalik range of western Himalayas, away from the bustle of metropolis and on the left bank of river Beas, a new abode of higher learning came into being on October 07th, 1995. Surrounded by many educational institutions, this college is situated at village Bharmoti across NH-88 at a distance of 2 km from the town Nadaun on Dharmashala -Shimla road. The sprawling campus is spreading in 70 kanals in sylvan surroundings that bless it with an unmatched serenity. The whispering pines and mighty trees send the signals of inspiration and add to its natural beauty which augment both academic and professional atmosphere of the institution.

The legendary town Nadaun has interesting history and heritage with glorious past of having hosted 8 days sojourn of Guru Govind Singh Ji in 1691 AD after defeating Aurengzeb's army. Beauty and hospitality of this town has been rightly extolled and quoted in local dialect by a legendary sufi saint, Bulleh Shah, **“Aaye Nadaun, Jaaye Kaun”** i.e. **“whosoever comes to Nadaun would never wish to go back.”**

Affiliated to Himachal Pradesh University Shimla, the college is imparting education mainly to rural youths in various disciplines i.e. humanities, science and commerce at undergraduate level and Post graduation in commerce and english. The admission in all disciplines in the first year of bachelor degree courses is offered as per the HPU norms. The college is recognized by UGC, New Delhi and is covered under section 2 (f) and 12 B of UGC Act. 1956. With

With **“GYAN CHARITRA & DAKSHTA”** as its motto, the college has a team of highly qualified, dedicated and innovative teachers. In the short span of 27 years, the institution has excelled in academics, cultural, sports and co-curricular activities. The college boasts to have conference hall, six smart classrooms and sports ground. The well equipped laboratories in the departments of Botany, Zoology, Physics, Chemistry, Computer Science and Geography provide in-depth understanding to the students.

The college has one unit under NSS and NCC which inculcates leadership qualities including discipline, commitment, sense of responsibility and dignity of labour among the volunteers. In order to spread awareness among youths about health & hygiene, Red Ribbon Club is functioning in the college. Moreover, college has Rover and Rangers units for boys and girls who are doing a commendable job in enlivening its motto **‘Service above Self’**. The college has sufficient sports infrastructure to provide opportunities to every student to excel in various sports.

This college is running successfully two professional courses, BBA and BCA, from academic session 2011-12. These departments indeed have equipped the students with skill set to take on emerging global challenges. Apart from this, the college is running UGC sponsored Add-on Course in Pharmaceutical Chemistry.

UGC Resource Centre is set up to provide internet access to the students. The college has been accredited with B-Grade by NAAC in 2014. An Internal Quality Assurance Cell is constantly striving in tandem with college administration to bring qualitative improvement in academics. A well oiled NAAC committee remains busy throughout the year, to prepare Self Study Report for the subsequent cycle of

accreditation of the institution. The Career Guidance Cell of this college is functioning efficiently to guide the students for various competitive examinations. Consequently, considerable number of students has been enabled to find employment in various government departments, armed forces, public & private sectors, multinational companies, etc.

The IGNOU study centre is successfully imparting education through correspondence in various streams for those students who are unable to pursue higher education regularly.

For providing students a platform of leadership to discuss and raise issues of student welfare, College Students Central Association is constituted every year as per guidelines of University. Parent Teacher Association, an integral part of the college, is acting as a bridge between college administration and local people for the overall development of the institution. The old students of the college are pooling their efforts for the progress of this institution under the aegis of Old Students Association.

The college administration under the patronage of government and in co-ordination with various bodies like PTA, CSCA, OSA and local people are committed to make this college one of the finest centers of higher learning.

Over the years our sincere efforts to enliven the motto of the college, has imparted very encouraging results as is aptly evident from the soaring students strength. With the blessings of Almighty, this institution would continue to serve the humanity through shaping the careers of budding citizens who would take the country to the crest of next wave of evolution.

Outline of "Choice Based Credit System" (CBCS)

1. **Core course:** A course, which should compulsorily be studied by a candidate as a core requirement is termed as a core course.

2. Elective course: Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an elective Course.

2.1 Discipline specific elective (DSE) course: Elective courses may be offered by the main discipline/subject of study is referred to as discipline specific elective. The university/institute may also offer discipline related elective courses of interdisciplinary nature (to be offered by main discipline/subject of study).

2.2 Dissertation/Project: An elective course designed to acquire special/advanced knowledge, such as supplement study/support study to a project work, and a candidate studies such a course on his own with an advisory support by a teacher/faculty member is called dissertation/project.

2.3 Generic elective (GE) course: An elective course chosen generally from an unrelated discipline/subject, with an intention to seek exposure is called a generic elective.

PS: A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Generic Elective.

3. Ability enhancement courses (AEC): The ability enhancement (AE) courses may be of two kinds: ability enhancement compulsory courses (AECC) and skill enhancement courses (SEC). "AECC" courses are mandatory for all disciplines and based upon the content that leads to knowledge enhancement. "SEC" courses are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc.

3.1 Ability enhancement compulsory courses (AECC): Environmental Science, English / MIL communication.

3.2 Skill enhancement courses (SEC): These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based knowledge. Introducing research component in under-graduate courses project work/dissertation is considered as a special course involving application of knowledge

in solving/ analyzing/ exploring a real life situation /difficult problem. A project/ dissertation work would be of 6 credits. A project/ dissertation work may be given in lieu of a discipline specific elective paper.

Implementation:

1. The CBCS is implemented in HP University by following common minimum curriculum as fixed by the UGC.
2. The university has finally designed the syllabi for the core and elective papers subject to point no. 1 and the university supplies the list of elective papers to be offered to under - graduate classes as per the facilities available.
3. Credit score earned by a student (migrated from other university) for any elective paper has to be included in the student's overall score tally irrespective of whether the paper is offered by the degree awarding university/institute or not.
4. The university/institute may plan the number of seats per elective paper as per the facility and infrastructure available.
5. An undergraduate programme degree in science disciplines may be awarded if a student completes 4 core papers each in three disciplines of choice, 2 ability enhancement compulsory courses (AECC), minimum 4 skill enhancement courses (SEC) and 2 papers each from a list of discipline specific elective papers based on three disciplines of choice selected above, respectively.
6. Wherever a university requires that an applicant for a particular M.A./M.Sc./technical/professional course should have studied a specific discipline at the undergraduate level, it is suggested that obtaining 24 credits in the concerned discipline at the undergraduate level may be deemed sufficient to satisfy such a requirement for admission to the M.A./M.Sc./technical/professional course.
7. The H.P. University offers number of choices of papers from different disciplines under generic elective and discipline specific elective as per the availability of the courses/faculty.
8. A student can opt for more number of elective and AE elective papers than proposed under the model curriculum of UGC. However, the total credit score earned shall not exceed 140 credits for UG programme degree.

9. The new scheme of UG courses should be given due consideration while framing the admission eligibility requirement for PG /technical courses in Indian universities/institutions to ensure that students following inter and multi-disciplinary format under CBCS are not at a disadvantage. It is suggested that, wherever required, obtaining 24 credits in particular discipline may be considered as the minimum eligibility for entry to PG/technical courses in Indian universities/institutions.

The CBCS system

All above discipline specific programme chosen by student shall be on CBCS. The programme shall be considered completed when the student cumulates the requisite number of successful credits (passed) i.e. at least 132 credits for undergraduate degree.

3	B.Sc. Physical Science (Physics, Computer Science and Mathematics)	60
4	B.Com.	140

- One supplementary seat for “Single Girl Child” candidate is reserved in each course provided she fulfills the minimum eligibility criteria.
- Number of seats in all the major subjects for admission to 1st year of B.A./B.Sc./B.Com. Under CBCS are fixed. Hence the admission in the major subjects is purely on merit basis.

1.1 Academic Year

Annual System: An academic year comprises of 180 working days with six working days in a week. This would mean that each year will be having $180/6=30$ teaching/

working weeks. Considering that each teaching day has 5 teaching hours, a teaching week would have $5 \times 6 = 30$ working/teaching hours and each year will have $30 \times 30 = 900$ teaching hours available for each student.

1.2 Credits

The term credit refers to the weightage given to a course. Usually in terms of number of instructional hours per week assigned to it. This explains why credit is taken to mean credit hours. The credits also determine the volume of course contents and delivery of programme such as lectures, tutorials, practicals, assignments, etc.

For the purpose of credit determination, instruction is divided into three components:

Lectures(L): Classroom lectures of one hour duration.

Tutorials(T): Special elaborate instructions on specific topics (from lectures) of one hour duration.

Practicals(P): Laboratory or field exercises in which the students have to do experiments or other practical work of two hour duration.

2. Courses in programme

The department committee of college will decide the discipline specific course to be offered and size of class where it is offered.

3. Students course wise continuous comprehensive assessment (CCA) and evaluation

3.1 All courses involve an evaluation system of students of students that has the following two components:

- (i) Continuous comprehensive assessment (CCA) = 30 Marks

Attendance = 5 Mid-term = 15

Assignment/Quiz/Seminar etc=10

- (ii) **Final examination** = 70 Marks.

3.2 Continuous Comprehensive Assessment (CCA):

This would have the following components.

3.2.1 Classroom Attendance: Each student will have to attend a minimum of 75% lectures/tutorials/practical as a student having less 75% attendance will not be allowed to appear in the final examination.

- Provided that those having between 74 and 65% attendance will apply for exemption in a prescribed form accompanied by clear reason(s) for absence to the authorized functionaries.
- Provided that those having between 64% and 50% attendance will apply for exemption in a prescribed

form accompanied by medical certificate from government hospital.

- Provided that exemption from 75% attendance will be given to those participating in a prescribed co-curricular activities(e.g. NSS, Youth festivals, Sports etc.) to the maximum extent of 25% (making the necessary attendance as 50% in these cases). However, the claim for this exemption should be supported by authenticated certificate from the concerned college authorities.
- Provided further that those getting the exemptions, except for those getting exemption for co-curricular activities, will not be entitled for getting the CCA marks for classroom attendance as given below.

3.2.2 Classroom Attendance Incentive:

Those having greater than 75% attendance will be awarded CCA marks as follow:

75%	but < 80%	1 Marks.
80%	but < 85%	2 Marks
85%	but < 90%	3 Marks.
90%	but < 95%	4 Marks.
95%	to 100%	5 Marks.

* For those participating in co-curricular activities 25% will be added to percent attendance.

" A leader is one who knows the way, goes the way and shows the way"

- vi If the library books are not returned on due date, the student will have to pay fine of Rs. 1/- per day.

6. Career-guidance - cum - campus placement cell

Career guidance, counseling and placement activities have become very important and integral part of the functioning of educational institutions in 21st century. It provides a number of opportunities to the educated youth. With the objective of helping the student in making right career choices, placement opportunities are provided to them through campus interviews. A career guidance, counseling and placement cell is actively involved in such activities under the energetic team of experienced teachers.

The objective is to make students aware in all aspects of modern fields and to develop their communication skills and confidence. The college is making all efforts to strengthen the activities of career guidance, counseling and placement cell in larger interest of the students by organizing frequent interactive sessions with them on regular basis and developing relation with business establishments so that more and more students get opportunities for gainful employment.

7. Tutorial groups

After the admission process is completed, every student is made a member of specific group convened by a teacher. According to the need and convenience, every such group organizes at least one or two meetings every month where students can discuss their academic and management related problems with the concerned teacher.

8. NSS, NCC, Rovers & Rangers , Red Ribbon, Energy and Maths Club

To inculcate the qualities of leadership, social service, discipline and patriotism among the youth following units are being run in the college.

National service scheme (NSS):

The NSS volunteers are engaged in regular as well as special camp activities in and around the college, as envisaged under the spirit of the scheme with motto "NOT ME BUT YOU". Enrolment is by selection within a month of the admission in the college. NSS is currently having one unit in this college with enrolment of one hundred volunteers under the able guidance of a programme officer.

National Cadet Corps (NCC):

The National Cadet Corps (NCC) is the country's illustrious youth organization dedicated to developing the youth—"The Leaders of Tomorrow"—into disciplined and patriotic citizens. Its main aims are:

- To instill in the country's youth qualities of character, courage, commandership, discipline, leadership, a secular outlook, a spirit of adventure, and acts of selfless service.
- To provide a suitable environment to encourage young people to join the Armed Forces.

NCC was introduced at the college from the academic session 2020-2021 with wing of 100 senior division cadets (67boys and 33 girls) cadet who attend training/ camps/ activities organized by 4 H. P. (I) COY NCC Hamirpur. Interested students can enroll in NCC in their first year and graduate with B and C certificates. Students who receive a 'C' certificate are invited to an interview (without a written test) and are given a weightage of 2% when applying for admission to HP University courses.

Rovers and rangers:

The Bharat Scout and Guides is a voluntary organization. It is devoted to the development of the young generation and selfless service to the country. The college has introduced rover and rangers from the academic session 2005-06. Young adults are enrolled as rover and rangers in the college and trained for leadership for rendering services to the motherland and mankind.

Red ribbon club:

Red ribbon club of this college came into being in 2006. Any number of college students can get registered as volunteers of this club. This club exclusively aims at launching an exhaustive campaign against AIDS. AIDS is not only a health issue but also an educational and social one. In order to translate these facts into reality, this club is not only educating and sensitizing college youths but also taking the lead to go out to the general public as well as the people who are unaware of AIDS. Hence it makes the institution really proud as how war against AIDS is gathering momentum year after year with the concrete effort of educators.

Mathematics Club:

Mathematics Club is created for the purpose of enhancing the learning towards Mathematics especially for the UG students of the concerned college. It was created on 5th of September, 2022. The very idea of forming this Club was to prepare a sphere where the students get benefit of learning Mathematics without the hesitation of their academic performance. Mathematics Club has a well defined work model in which the Student get benefits such as:

Seminars, quiz, Discussion sessions and Lectures by faculty of concerned department or by the students on a specific topic.

Energy Club :

Energy club was found in the college in the month of April 2023 with the objective to propagate energy conservation values among the students. This would encourage participation of young ambassadors in the energy conservation movement.

9. Subject societies and co-curricular activities

The various curricular activities in the classroom help in imparting bookish knowledge to the students as per the demands of examination system, but unless certain other activities are undertaken, a student never acquires completeness. It is here that the role of the co-curricular activities comes in forefront. In such activities along with classroom involvement, co-curricular activities help to integrate the three very vital aspects of an individual; namely the body, mind and soul. With the above objectives in mind various clubs and societies have been constituted under the guidance of faculty of the club and societies to become ennobled graduates on completion of their courses in this college. A student with mere bookish knowledge and nothing else is a misfit in today's society and hardly acceptable to pay any job offering agency.

10. College student's central association (CSCA)

This association is elected according to the rules and regulation of H.P. University. Besides maintaining discipline in the college, the CSCA plays an important role in involving students in various co-curricular activities like seminars and functions at intra/inter-college level.

11. College magazine "Nalanda"

To nurture the creativity of the students the college magazine "Nalanda" is published every year. It has sections like computer and management, commerce, english, pahari, planning forum, sanskrit and science etc. One student editor from each section is also appointed. Students who wish to contribute his/her vibrant write ups to the college magazine during the session can contact the staff editors of various sections of the magazine, and if needed, necessary guidance can also be provided to them.

12. Scholarship/financial assistance

The college has provision for the following scholarship:

- i Post-matric scholarship scheme to SC/ST students (centrally sponsored scheme)
- ii Post-matric scholarship scheme to OBC students (Centrally Sponsored Scheme)
- iii Dr. Ambedkar's post-matric scholarship scheme for economically backward classes (EBC) students (centrally sponsored scheme)
- iv IRDP scholarship
- v Merit-cum-poverty scholarship
- vi Kalpana Chawla Chhatravriti Yojna for meritorious girl students

Note: # The date of submission of application for these scholarships will be displayed on the college notice board in due course.

Students will have to apply online for above mentioned scholarships.

13. Prizes/Awards

Prizes are given to the students achieving distinction in different fields like academic university examination, excellence in sports, NSS/ranger and rover/red ribbon club and other co-curricular activities organized from time to time in the college, university and inter-university level. These prizes are given in the annual prize distribution function of college being organized in the month of February/ March every year.

14. Parent-teacher association

Parent-teacher association (PTA) stand organized under **HP Education Code 2001** to engender interaction between parents and teachers, with a

missionary zeal for the development of college. Its main objectives are as follows:

- i** To revive the relationship between the parents and teachers
- ii** To create healthy educational environment in the college
- iii** To arrange discussions with the elder person of the society from time to time and incorporate their suggestions for the improvement of the educational standard in the college
- iv** To suggest ways so that education of students can be promoted.
- v** To make a collective effort to refine the conduct of student and also to restrict the entry of anti-social elements in college campus
- vi** To inform the parents/ guardian of their wards from time to time and make arrangement for the parents to meet the concerned staff once in a quarter

- vii** To make parents aware of various schemes of govt. in the area of education and also to give information about various activities and programmes of department of education

15. Old student association

The college is proud of its old student association which is now fountain head of its strength. Since the inception, it remained a witness to the progress of an era of higher education and evolutionary trends in personality growth. With its achievement, the OSA makes the prospective students feel the transformative touch after they join this prestigious institution of learning.

16. Self- financing courses

As per self-sustaining revenue model, Bachelor of Business Administration (BBA), Bachelor of Computer Application (BCA) are being run by the college under the aegis of HEIS.

Annual Committees for the Session 2023-24

For the smooth functioning of the institution and in the larger interest of students various committees are hereby constituted for the session 2023-24.
